Subject: RE: EPA October 2017 Well Sampling - Correction

Has the additional well, the "13th" been sampled by Juneau and Wood Counties as part of the initial 104, or does this well owner also need to be contacted by the County?

David,

It has been brought to our attention that the sampling results chart I sent you yesterday had only 12, not 13, well sample results. One sample was mistakenly omitted from that chart.

Attached please find a corrected chart with all 13 well sample results.

Chuck
